

### **Elisa: her principality and the charm of Bonaparte**

Year 1808. Elisa Bonaparte, sister of Napoleon and wife of Felice Baciocchi, was appointed Grand Duchess of Tuscany.

Her keen intelligence combined with a particular ambition, transform Lucca in a capital city, placing it in competition with others big european cities.

The Principality of Lucca is tied to a process of transformation and innovation, intended to modify the functional and formal city.

Routes offered by Luccaintuscany are a journey through time, to discover the extraordinary work of beautification and numerous changes made in the public interest under the regency of Elisa Bonaparte, a real fresh breath of fresh air that will be perceived in this paths.
